Experience

Product Designer | Jefit

Full-time • Mar 2024 - Present

- Owned end-to-end product design across Android, iOS, web, and wearables for a 13M+ user fitness platform.
- Spearheaded 0→1 plan adaptation feature, replacing static pre-built plans with a personalized experience — driving +42% adoption, +28% D30 retention, and a 14% paywall CVR (highest across all features).
- Conceived and shipped Year in Review 2025, driving +78% revenue, +124% shares, and +33% views.
- Architected a cross-platform design system with custom multi-agent AI pipelines, eliminating manual maintenance and spec-driven QA for designers and engineers.

UI/UX Designer | Aware.ai

Internship • Dec 2023 - Mar 2024

- Designed and iterated a rewards feature through 5-user usability testing, improving task completion rates by 40%.
- Delivered end-to-end user flows and wireframes to bridge product vision with business objectives.

UX Design Strategist | Whatnot

Contract • Oct - Dec 2023

- Designed a mobile-to-TV live event experience, increasing cross-platform user satisfaction by 35%.
- Drove UX strategy to reposition the marketplace as a community-first platform, directly influencing product roadmap direction.

UX Designer | Hewlett Packard Enterprise

Internship • May - Aug 2023

- Designed high-fidelity prototypes for analytics dashboards and chart customization, driving 30% adoption increase for billing and capacity features.
- Facilitated 4 design critique sessions, surfacing 40+ actionable UI improvements across the product.
- Delivered research-backed design recommendations to 50+ stakeholders, driving alignment between UI strategy and business objectives.
